THE TRUDEAU SANATORIUM
AND
THE EDWARD L. TRUDEAU FOUNDATION

THE TRUDEAU SANATORIUM was founded in 1884 by the late Dr. Edward L. Trudeau to help self-supporting people suffering from tuberculosis.

The institution was definitely intended for those who could pay only part of the cost. The deficit in maintenance is and always has been made up by annual gifts from the public and income from endowment funds. The charges to patients average three-quarters of the cost, but from fifteen to twenty percent receive further assistance from the Free Bed Funds. Additional endowment for the general maintenance and for the Free Bed Funds is greatly needed and legacies are desired to strengthen the now enlarged institution.

The following brief summary sets forth the objects and departments of the institution as now carried on:

1. *The Trudeau Sanatorium* is for the treatment of favorable types of pulmonary tuberculosis and for patients of limited means. The full capacity is 200 beds.

2. *The Edward L. Trudeau Foundation* is an endowment fund in memory of Dr. Trudeau, established in 1916, for the support of research and teaching in tuberculosis. The fund is devoted to the following purposes:

a. *The Trudeau School of Tuberculosis* for the instruction of physicians, gives a four and six weeks' post-graduate course covering the modern diagnosis and treatment of tuberculosis.

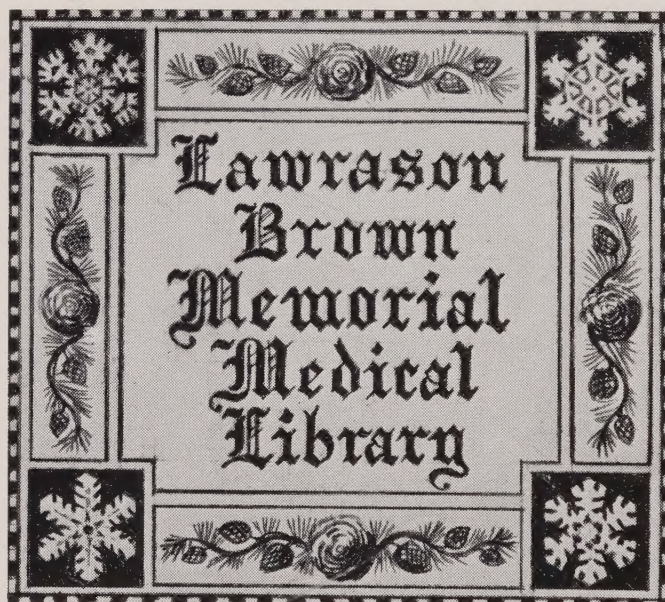

b. A system of *Fellowships* for study and research in the Sanatorium and laboratories, which provide support for young physicians and scientists while undergoing treatment.

c. *The Research and Clinical Laboratory*, located at the Sanatorium, containing facilities for the study of bacteriology, chemistry and pathology. The same building houses the *Lawrason Brown Memorial Medical Library*. *The Physiological Laboratory* occupies the third floor of the Medical Pavilion.

d. A department for *Statistics*, and for recording the annual reports of patients.

e. *The Saranac Laboratory for the Study of Tuberculosis*, in the village of Saranac Lake, which was formerly the private research laboratory of Dr. Edward L. Trudeau and is now the headquarters of the Trudeau School and of pathological study and research.

Annexed to the Saranac Laboratory is the John Black Room and medical library, which serves the Trudeau School and Fellows as well as the village physicians as a lecture room.

The New Bookplate, designed by
MR. FREDERICK J. WOODBRIDGE

REPORT OF THE PRESIDENT

EACH YEAR it is the privilege of the President to present, on behalf of the Board of Trustees, a brief summary of some important features of the activities of the Sanatorium.

The Care of Patients: Our chief concern is the adequate care of our patients. This year, it is again, as in the past, a pleasure to be able to report that this has been maintained at the very high level which has come to be expected from Trudeau. Each of the main departments, the medical, the nursing, the roentgenological, the laboratory, and the administrative, has contributed its full share in making this possible.

This excellent care is reflected, not only in the return to health of a large proportion of our patients, but also, in the education in habits of life, which is essential if the result is to be permanent.

The Administrative Management: No institution can long remain successful unless the administration of its affairs is sound. For 28 years, with Mr. Charles R. Armstrong as Superintendent, the Sanatorium has been managed with marked efficiency and economy. Mr. Armstrong's long and unfortunate illness has placed the responsibility upon his assistant, Mr. Ernest H. Wood. Inculcated with the ideas and example of Mr. Armstrong, Mr. Wood and the heads of the various departments have carried on successfully. In spite of the fact that our census has been lower than usual and our per capita cost correspondingly higher, they have administered the affairs of the Sanatorium skilfully, the operating deficit has been kept down, and the budget for the year has been balanced.

For this encouraging outcome, we are of course also largely indebted to the increased financial support from our annual contributors and additional income from capital available because of bequests, and also because of the able management of our finances by our Financial Committee, notably by Mr. Streeter and Mr. James.

The Cost to Patients: Our basic charge is \$15.00 a week for cottage patients and \$23 for infirmary patients, who require bed and nursing

care. Our weekly per capita cost for all patients the past year has been \$27.44. The difference is made up by income from our invested funds and by contributions from our friends. To balance our budget, this contribution must amount to approximately \$20,000.00 annually, since interest rates on endowment funds have been so greatly reduced.

The Free Bed Fund: In more ordinary times, our low rates have afforded the opportunity for treatment to the moderate income group in sufficient numbers to fill our beds, with a waiting list of applicants. In late years, this has not been the case. The reason for this has been largely the fact that the group we desire to reach can no longer afford even these moderate rates.

To a certain extent, this has long been true, and many years ago, a Free Bed Fund was set up to aid such needy patients. The demands upon this fund have now become so great, that we must consequently refuse treatment to many who need it.

It is our belief that if we could afford to offer more concessions in our usual rates, we could again more than fill all of our available beds with earlier stage cases and thus extend our services and benefits. This would only be possible if greater resources are placed at the disposal of our Free Bed Fund.

To our friends, therefore, we not only present our report, but also our appeal for the continuation and increase of their interest in, and support of, both the General and Free Bed Funds.

We can give full assurance that all such funds made available will be wisely and effectively expended and that thus the opportunity for a return to health and happiness will be given to many additional patients suffering from tuberculosis.

JAMES ALEXANDER MILLER, *President*

Saranac Laboratory and the John Black Annex (left)

ANNUAL REPORT
OF THE
CHAIRMAN OF THE EXECUTIVE COMMITTEE
OF THE
TRUDEAU SANATORIUM

FOR THE YEAR ENDING SEPTEMBER 30, 1940

THE PAST YEAR has shown a better record for the Sanatorium than was anticipated. So far as our financial position was concerned the result of the year's operation was a very small surplus (\$59.49), our deficit of \$70,928.01 being fully met by donations and interest on investments. Uncertainties due to the war have had an adverse effect on donations to institutions, but notwithstanding many interests, the same friend who has twice before made an extra gift covering our deficit came to the rescue again last year. Interest earnings were greater, though receipts from patients fell. There was a slight lessening (12) in number of patients under treatment, due principally to fewer readmissions in summer as well as to vacancies in winter.

Another generous benefactor has passed away in the person of Mrs. Frank B. Black of Mansfield, Ohio. She gave the John Black Room at the Saranac Laboratory and with Mr. Black contributed to the equipment and endowment of the laboratory.

The death of one of the gifted chemists of the Rockefeller Institute, Dr. P. A. Levene, recalls the pioneer studies on the chemistry of the tubercle bacillus which he made in 1900-1902 at the Saranac Laboratory, while regaining his health.

Another member of our Advisory Board, Dr. Hans Zinsser, the brilliant scientist and writer who died in September, was very much interested in tuberculosis.

On the other hand it is a pleasure to present in this report a picture of Trudeau's oldest living graduate, Mrs. Carolyn Pentland Lindsay, who was a patient in the "Little Red" cottage fifty-three years ago,

who regained her health and is today an active and effective writer and speaker in the anti-tuberculosis cause. Her radio addresses during the 1940 Christmas Seal sale were of unquestioned publicity value to the work and her very real interest in the Sanatorium has been shown in her writings and public talks.

SUMMARY OF FINANCIAL REPORT

Following the custom started several years ago, the condensed statement of the financial report is given here:

Total operating expenditures -----	\$343,944.44
New construction, improvements and equipment -----	2,956.39
Miscellaneous accounts uncollectable -----	310.59
	<hr/>
Grand total -----	347,211.42
Sanatorium income from all sources -----	276,283.41
	<hr/>
Gross deficit -----	70,928.01
Income:	
From endowment -----	\$53,310.77
From contributions -----	17,676.73
	<hr/>
	70,987.50
	<hr/>
Balance surplus -----	59.49

Weekly Cost per Patient: It is a gratifying fact that the deficit due to lower average daily census of patients (175.5, compared with 190.3 in 1939) was offset by donations. This situation did nevertheless increase the *per capita* weekly cost from \$25.90 to \$27.44. Food costs however declined from \$0.26 per meal in 1939 to \$0.2577 in 1940.

Donations:

General Fund -----	13,764.83
For special purposes -----	3,745.00
	<hr/>
	\$17,509.83
For Recreation Pavilion -----	550.00

Legacies:

Estate of Rachel A. Friend (final installment)	136.50	
Estate of Emeline Cooper -----	412.50	
Estate of Anna Arnold Justis -----	9,563.38	
		----- 10,112.38

Free Bed Fund: Another year has brought larger gifts to this fund than in the past and enabled us to reduce the cost to patients in need. There were 51 beneficiaries assisted for three months or more. The impression we have obtained from correspondence and interviews with patients is that our empty beds in the winter could be filled with favorable cases were the rates low enough. With more elaborate treatment, especially surgical measures, the cost to the patient has increased materially, though the results are better. We are thankful for another donation of \$2,500.00 from the Davella Mills Foundation as well as \$1,500.00 from Mr. William P. Allen for a special purpose.

Donations:

Davella Mills Foundation -----	2,500.00	
Mr. William P. Allen (special) -----	1,500.00	
Other donations -----	6,340.67	
		----- 10,340.67
Interest and dividends from endowment -----	4,012.57	
Balance from previous year -----	1,953.01	

Total amount available -----	16,306.25	
Fifty-one beneficiaries received -----	14,550.26	

Balance on hand September 30, 1940 -----	1,755.99	

Employed Ex-Patients: There were 30 ex-patients who earned about \$33,000.00 not including 14 older employees who were once patients. Approximately 24 other ex-patients earned \$37,400.00 in the activities supported by the Trudeau Foundation.

Mellon Library — DONOR: Mrs. Charles H. Mellon, in Memory of Her Husband

Construction, Improvements and New Equipment:

Childs Infirmary alterations -----	\$717.30
Administration Building -----	133.20
Pottery Kiln installation -----	119.47
	<hr/>
	\$969.97
Diet Kitchen: Washer and tables -----	1,621.42
Microscope -----	255.00
Miscellaneous -----	110.00
	<hr/>
	2,956.39

A new portable electrocardiograph to replace the stationary one has been purchased at a cost of \$300.00.

Repairs to roadways have been postponed until spring.

Women's Auxiliary: The alteration and refurnishing projects carried out last year by the Auxiliary have been chiefly the changes in Childs Infirmary, Ladd Cottage and living room of the Administration Building. Mrs. Trudeau has supervised the work and modernized the rooms attractively. The Auxiliary has continued to aid in support of our hostess, Mrs. Blanchet, besides contributing \$200.16 toward refurnishing cottages. Altogether \$418.16 was expended.

Medical Report:

Total number of patients under treatment -----	384
Remaining September 30, 1940, were -----	172
	<hr/>
Number discharged -----	212

The average term of residence of 185 patients was 330 days.

The average term of residence of 157 patients was 380.8 days.

Thus it will be noted that all but 55 patients remained under treatment over a year. This results in more permanent recoveries.

<i>Classification on discharge:</i>	<i>Cases</i>	<i>Percent</i>
Non-tuberculous -----	3	1.6
Suspected tuberculosis -----	4	2.2
Arrested tuberculosis -----	23	12.4
Apparently arrested -----	14	7.6

Quiescent (includes "improved") -----	106	57.3
Unstable (includes "unimproved") -----	33	17.8
Died -----	2	1.1
	<hr/>	
	185	100.0
Convalescent patients previously reported --	27	
	<hr/>	
	212	

THE DEPARTMENTS

The Administration: Superintendent Armstrong has been ill since last winter and while improved in health somewhat, he will require a longer absence from duty. Miss Duggan and Mr. Wood have managed the affairs of the institution with their usual care and devotion. Three of the older and loyal employees, Edward Vosburg, Frank Fee and John Noak, have died during the year.

Medical Staff: Dr. Heise has the usual trained assistants, Drs. Schwartz and Yeager. The interns, Dr. H. P. Dinan and Dr. Paul N. Smith, have been replaced by Dr. George F. Rozelle and Dr. Leonard Poznak, both former patients. The term of service of Dr. Agrippa Robert was extended for six months' study in the X-ray Laboratory. Dr. Mary Broadbent, for several years engaged in clinical laboratory work, is now on the staff of the University Hospital, Ann Arbor, Michigan, and was succeeded by Miss Virginia Sykes and later, in turn, by Mr. John Schmidt. Our appreciation is due to all members of the staff.

The Consulting and Visiting Staff: The same physicians and surgeons as in the previous year continue to render valuable counsel for our patients, with the addition of Dr. Edwin M. Jameson of Saranac Lake, who was appointed consulting urologist and gynecologist, for which he has special qualifications and training.

D. Ogden Mills School of Nursing: The Superintendent, Miss Blanche Mann, reports a gratifying increase in the number of student nurses trained. There were 75 who received two months' instruction, of whom 6 remained three months. In addition, 8 post-graduates completed the course. There are now five general hospitals affiliated, the

Genesee Hospital of Rochester, New York, being the latest. Much credit is due to our nursing and medical staff as well as the visiting and consulting physicians for the quality of their instruction.

It is a special pleasure to report that Miss Margaret B. Mundie, Assistant Superintendent, is completely restored after a severe illness last winter.

X-Ray Department: The total number of examinations last year was 4,643 of which 2,378 were for patients in the Sanatorium. Approximately 200 applicants for employment at the Lyon Mountain iron mines were x-rayed for the Republic Steel Corporation. Likewise all our student nurses have chest x-ray examinations on admission and discharge as a protective measure against claims for compensation for tuberculous infection. The yearly examination of school children in Saranac Lake has been carried through for the fourteenth time.

From 12,000 to 13,000 films of industrial workers have been examined for dust diseases and studies are being made of the accumulated results.

The Lawrason Brown Memorial Medical Library: Miss Marjorie G. Smith continues as our valued librarian. There are now 6,155 bound volumes and 38 periodicals on file. Thanks are due to Mr. A. Bergman and Mr. Alfred Zobel for their voluntary assistance. We are again indebted to Mr. Frederick J. Woodridge, New York architect, for a new bookplate for the Library (see illustration).

Mellon Library: Our librarian reports a circulation of over 10,000 books and journals, which is double the number ten years ago. Nearly half of the books go to bed patients, an indication of the usefulness of the library to the resting patients.

We are grateful to many who have contributed during the year, among whom special mention should be made of Miss Eleanor Mellon, Mr. Charles H. Mellon, who presented a fine desk, and Mrs. Walter B. James who has continued the subscriptions to valuable periodicals which her sister, the late Miss Annie B. Jennings, had contributed. Thanks are due to all, and also to Miss Eleanor Bolter who substituted during the absence of the librarian, and for the help of Mr. Adolph Bergman.

Baker Memorial Chapel

Edward L. Trudeau Memorial Statue, by Gutzon Borglum

Statistical Office: The usefulness of following the condition of discharged patients has been demonstrated many times and especially during the past year. The statistics have been utilized in connection with the Federal Rehabilitation Bureau in the effort to give education and employment to handicapped persons.

The records, originally planned by Dr. Brown, are more complete than those of other institutions and are thus invaluable for the facts required.

Mr. Frank Bucci continues in charge of the office.

The Chapel: The regular Sunday morning services for Roman Catholics are held by the Revs. Fathers Kitts, Garnsey, and Shue as in past years, and Revs. Fathers Argy and de Groot. We have lost by sudden death one of the ministers, the Rev. Otto Sieker, who was constant in serving the patients of Lutheran faith. His whole life was devoted to pastoral duties and good works.

The regular musical vesper services have been held by the Rev. E. B. Mounsey, of St. Luke's Church, assisted by Mr. George Bisset as organist. The usual Christmas Eve services were celebrated by the Rev. A. B. Gurley and the Presbyterian Church Choir.

To all the clergy and their assistants we give sincere appreciation.

Entertainment: The annual concert by the Lake Placid Club orchestra was enthusiastically received in the new Recreation Pavilion. It was directed as in last year's performance by Dr. Paul White of the Rochester Civic Orchestra.

The birthday anniversary of the late Dr. Trudeau was remembered with an illustrated talk by Dr. Francis Trudeau. Amusement activities were less than usual chiefly because most patients are under rest treatment. However, holidays are well filled with fun.

The Workshop: It has been a busy year for Miss Alma Pierce and her assistants, Miss Schiefer, Mrs. Blanchet, Mr. Laurence and Mr. di Bona. Two hundred and sixty-eight persons were instructed in fourteen crafts. There were 107 patients instructed in the infirmaries and rest cottages. A large number of woolen garments were knitted for Allied Relief and the Red Cross. There were 127 persons thus employed, although silver-

ware and leather work are still the most popular crafts. At least two ex-patients have practically supported themselves by silverwork by orders from the catalogue.

To Mrs. Meredith Hare goes our renewed thanks each year for generous assistance. To Mr. William Lundergan also we are indebted for dies and other tools valued at \$150 and to Mr. Frank Mahoney for sheet metals. Mrs. William Roy Smith has donated a new book-binding equipment. Other gifts to be mentioned were received from Mr. William Grandjean, Mrs. Pitt Petri and Mr. H. Sekine. All are gratefully acknowledged.

The new pottery kiln is a valuable convenience both to the Saranac Lake Study and Craft Guild and the Sanatorium. There were 34 patients who received instruction from the Guild.

The Trudeau School, 26th Session: There were 26 students who finally attended the course. Five enrolled from Canada and England were unable to come owing to the war. There were nineteen who also completed the course at Bellevue Hospital in New York City. Altogether there were 8 ex-tuberculous physicians. Scholarships were granted to 7 by the School besides 6 others provided by various organizations.

The substantial support provided by the Lillia Babbitt Hyde Foundation has been invaluable. Through Mr. Charles C. Harris, the Director, \$5,000 was donated, and to him and the Trustees we offer our full appreciation.

The Trudeau Foundation: Under Dr. Gardner's direction a continuous study is being carried on in the Saranac Laboratory with respect to mineral dusts in industry, besides bacteriological investigations at Trudeau Research Laboratory. Two fellowships were awarded for brief periods and four medical students received internships during two months in the summer.

The physiological studies by Dr. George W. Wright have been noteworthy and the University of Rochester has appropriated \$4,000 for the coming year as its share of the co-operative plan of research and teaching with the Foundation.

The death of one of our Advisory Board, Dr. Hans Zinsser, already

noted (page 12), removes a gifted student and writer whose interests, although widespread, included tuberculosis.

Publications: The monograph, "Artificial Pneumothorax," by a group of our specialists has been well received and favorably reviewed.

Three published contributions were issued during the year as Studies of the Trudeau Foundation.

EDWARD R. BALDWIN, M.D., *Chairman*

Mrs. Carolyn Pentland Lindsay
of Albany, N.Y.,
who resided in the "Little Red"
as a Patient, 1887

NECROLOGY

MRS. FRANK B. BLACK, Mansfield, Ohio, donor of the John Black Room and chemical laboratory addition to the Saranac Laboratory, died March 25, 1940.

DR. HANS ZINSSER, Boston, Massachusetts, member of the Advisory Board of the Trudeau Foundation, died September 4, 1940, aged 61.

DR. PHOEBUS A. LEVENE, former patient and chemist at Saranac Laboratory, 1900-1902, died September 6, 1940, aged 71.

Whiteface, Moose, and McKenzie Mountains from Trudeau Sanatorium

TREASURER'S REPORT OF THE TRUDEAU SANATORIUM

Surplus and Deficit Account

For the Year Ended September 30, 1940

NOTE: Further changes and condensation have been made this year in the desire to simplify the report and economize in its publication. The details not included are available to any authorized person.

Current Revenue:				Current Expenses:			
From Investments	.	.	.	General Housing and Feeding	.	.	130,724.24
From Contributions	.	.	.	Professional and Infirmary Care of Patients	.	.	187,382.54
From Operations	.	.	.	Administration	.	.	18,393.57
	.	.	.	Corporation	.	.	4,413.33
	.	.	.	Miscellaneous	.	.	3,030.76
			347,270.91				343,944.44
				Doubtful Accounts Receivable	.	.	310.59
				Capital Expenditures:			
				Buildings	.	.	969.97
				Equipment	.	.	1,986.42
				Surplus for the Year	.	.	2,956.39
							59.49
Total	.	.	347,270.91	Total	.	.	347,270.91

The total Sanatorium operating income for the year 1940 amounted to \$276,283.41, against total operating expenses, including improvements to buildings and new equipment, of \$347,211.42, resulting in a gross deficit of \$70,928.01, and after deducting the income from investments and contributions, amounting to \$70,987.50, the result is a surplus of \$59.49. The average weekly per capita cost,

Administrative Expense	.	.	.
General Housing and Feeding Expense	.	.	.
Professional and Infirmary Care of Patients:			
Medical	.	.	2.61
Nursing and Infirmary	.	.	10.18
Dental	.	.	.36

The average daily main dining room and tray census was 200, and the total number of hospital days was 73,048. The average raw

or the total cost of taking care of one patient one week (including nursing) amounted to \$27.44. The average paid by each patient amounted to \$22.11, and the average weekly deficit per patient was \$5.33. The distribution of the average weekly cost per patient was as follows:

	1.76	6.4%
	12.53	45.7%
		9.5%
		37.1%
	13.15	1.3%
	27.44	100.0%

food cost per meal was \$0.2577, and the number of meals served to employees and patients was 321,515.

ACCOUNTANTS' REPORT

To the Trustees of Trudeau Sanatorium, Trudeau, N.Y.

We have examined the cash records of the Trudeau Sanatorium, Trudeau, N.Y., and the Trudeau Foundation Funds, Saranac Lake, N.Y., for the year ended September 30, 1940. The foregoing Summary of Receipts and Disbursements has been prepared therefrom and, in our opinion, fairly sets forth the transactions recorded therein.

(Signed) PEAT, MARWICK, MITCHELL & Co.

New York, N.Y., December 16, 1940.
